

PURPOSE

The purpose of the Delta Academy is to save our young females from the perils of academic failure, low self-esteem, and crippled futures. The Academy is designed to meet the needs of girls ages 11 – 14. Further, the Academy augments the girls' scholarship in math, science, and technology, their opportunities to provide service, and their sisterhood defined as the cultivation and maintenance of relationships.

WHAT IS IT?

The Dr. Betty Shabazz Delta Academy is a current, major initiative of Delta Sigma Theta Sorority, Inc., which mentors girls - - preparing them for womanhood in the 21st century -- in three areas:

- Science and technology
- Service learning
- Sisterhood principles.

The program is named in honor of distinguished Delta member, the late Dr. Betty Shabazz, who was a mentor to many young women. The Academy was created by the Program Planning and Development Committee under the leadership of Delta's National President, Marcia L. Fudge, Esq.

PHILOSOPHY

The philosophy of the Delta Academy is to provide access to education for all young girls who have the motivation to benefit. The Delta Academy strives to create an educational environment where young girls will have the opportunity to develop their full potential.
